

Intermediate / Senior Estimator

LOCATION: Calgary, AB & Vancouver, BC

Bird Construction Company is one of Canada's leading General Contractors and is recognized for its strong commitment to the growth and prosperity of both our clients and our people. Bird Construction Company was founded as a small partnership in Moose Jaw, Saskatchewan in 1920. Today, we are a highly respected company, operating across Canada.

As an experienced member of the estimating team your primary focus is to provide accurate estimating and subcontractor costing from the budgeting and estimating stage through to the contract letting and planning stage. Working closely with the chief estimator, you will have a collaborative approach to delivering results through strong relationships with a broad network of professional colleagues, subcontractors and team members.

Responsibilities:

- Participate in project development activities including scope definition and clarification, preconstruction planning, control estimate development and delivery.
- Provide preconstruction services including the preparation of preliminary budgets, cost plans, and value engineering opportunities.
- Develop strategies to create a competitive edge.
- Determine general expenses and provide input into the margins/fees.
- Coordinate preparation of full estimates, identifying inherent risk and opportunities.
- Oversee the tendering and awarding of contracts.
- Analyze subcontractor requirements.

Qualifications Include:

- 5+ years of estimating experience in the commercial construction industry
- Engineering, or Engineering Technology or related construction discipline is recommended.
- Extensive knowledge and experience with estimating techniques, tendering process and negotiating contracts.
- Knowledge of tendering process
- Strong computer skills in such areas as Microsoft Office (Word and Excel).
- Excellent analytical, verbal and written communication skills.
- Outstanding customer service/client relation skills.
- Must be flexible and a team player.
- Blueprint reading.
- Highly Organized.
